

# Calm Nano Mist Inhaler Kit

This new technology is designed and engineered for the entire user experience from storage to portability through the ritual of administration. Replaceable canisters deliver a precise dose of proprietary nano mist formulas. These formulas use a patented micelle technology that shrinks particle size for increased efficacy, near immediate effect and long-term duration. The Calm formula combines broad spectrum hemp oil with natural terpenes and herbal extracts including L-Theanine from green tea, ashwagandha, and ginseng. Fragrant terpenes including limonene and linalool impart lavender and lime scents, while citrus extract adds additional aroma and natural flavor.

## **Suggested Use**

Before first use, remove the cap at the base of the canister. Insert canister into the inhaler. To use the inhaler, remove the protective cover from the mouthpiece. Shake well for 5 seconds. Breathe out and place the inhaler into your mouth tilted slightly upward toward the back of your throat. Press the canister down to release the dose as you breathe in deeply. Hold breath for 5 seconds after inhalation. Use up to 3 times per day. Do not exceed 4 doses per use. Not for asthma. We recommend consulting a healthcare professional before using this product.

- Proprietary device design
- Extremely fast acting
- Organic & Ethical Farming
- 3rd Party Tested for Purity
- USA-grown hemp
- Whole plant extract

## **Quality & Consistency**

With CBD, quality really matters. For this product, the hemp is grown in the USA starting with proprietary, state-certified seeds and exercising responsible farming methods. After harvest, they use the finest extraction method resulting in broad spectrum CBD oil. That means that valuable cannabinoids,

terpenes, and omega fatty acids are preserved providing the full benefits and potential healing power from the hemp plant.

**Details** 200 Doses | 1200 mg CBD | Zero THC

#### Ingredients

Extracts of: Broad Spectrum Hemp, L-Theanine, Green Tea Leaf, Citrus, Ashwagandha Root, Ginseng Root, Limonene, Linalool, Passion Flower. Other Ingredients: Alcohol (EtOH), Xylitol, Oleic Acid, Stevia. Propelled with HFA134a.

## CBD Oil Tincture – Natural – 3000 mg – 1 oz – Now with CBG & CBN

### CBD Oil Tinctures

cbdMD's CBD Oil Tinctures are the perfect natural alternative. Their unique manufacturing process uses hemp from nutrient-rich farms across the country. They guarantee that all of theirr CBD oil is manufactured from USA hemp that is grown on non-GMO farms, and is both vegan and gluten-free.

### Natural Flavor:

The natural flavor is subtle with slight earthy notes. If you prefer a simple taste, this flavor is the one for you.

## How Much to Take?

As with our other applications, the intake will vary for every individual. Because each person will process CBD at a different rate, we recommend starting with a lower measurement and adjusting accordingly.

## How Long for Desired Results?

The timeframe for desired results from CBD oil will differ for each person. As always, it is recommended to start with a lower measurement and adjust as needed. It may take at least two to three weeks to experience the properties of CBD as it builds up in the body.

## Ingredients:

Cannabidiol (CBD), MCT Oil, and Flavoring.

## CBD Peanut Butter 600mg – 16oz Jar

- U.S. premium cannabidiol (CBD) in every product batch
- 20mg per tablespoon
- High-quality CBD manufacturing process for wholesome hemp properties
- THC-free products sourced from hemp grown using organic farming methods
- Third-party lab tested to ensure safety and effectiveness

# CBD Peanut Butter

If your dog loves the taste of peanut butter, this CBD Peanut Butter offers an easy way to provide your pet with all the natural relief of CBD. We use our high-quality CBD, a result of U.S. hemp grown with organic farming methods, and combine it with every dog's go-to treat: peanut butter.

We take pride in providing naturally sourced CBD because we know you want to give your dog nothing less than the best.

## Why Paw CBD?

We're committed to offering the best value in the CBD industry, using only premium CBD at an affordable price - sourced from hemp grown right here in the U.S. We utilize a unique manufacturing and production process, ensuring that you'll get all the valuable properties with absolutely no THC.

With every purchase, you get the full support of our award-winning customer service team who's ready to answer any questions and offer guidance on our full line of CBD pet products.

## How Much to Give?

There's no one standard size or shape, so there's no one standard amount of CBD for dogs. Try starting your dog on a low measurement and monitor their behavior. If necessary, gradually increase.

## How Long to Notice Results?

The time that the CBD oil requires to take effect varies from dog to dog based on a variety of factors. It's recommended to maintain a regular CBD regimen every day for two to three weeks to gauge the full effect, as CBD will accumulate in the body over time.

## Ingredients:

Cannabidiol (CBD), MCT Oil (from palm kernel oil), and Peanut Butter.

## CBD Recover Airless Pump 3.4oz – 3000mg

- Superior Broad Spectrum CBD in every product batch
- High-quality manufacturing process for wholesome hemp properties

We recommend taking one serving of CBD Nighttime Gummies before bedtime each night. Simply chew and enjoy.

Ingredients: Broad Spectrum CBD, Melatonin, tapioca syrup, cane sugar, pectin, citric acid, sodium citrate dihydrate, less than 2% of: malic acid, natural flavor, fruit juice.

# cbdMD 1500mg Capsules – 60 ct

## CBD Oil Capsules

cbdMD's CBD Oil Capsules offer a quick and effective approach to adding CBD to your daily routine. In an easy-to-swallow capsule, you can rest assured that you're getting an accurate measurement every time.

To ensure the quality of our CBD Oil Capsules, we take industrial hemp from farms across the U.S. and manufacture natural CBD using our high-quality production process.

These 50mg CBD per capsules are great for people on the go. Take the pill by mouth with water, and you'll soon feel the natural relief of CBD oil.

- High-quality CBD manufacturing process for wholesome hemp properties
- THC-free products sourced from hemp grown using organic farming methods
- Third-party lab tested to ensure safety and effectiveness

## How Much to Take?

Based on a variety of factors, each person will process CBD at varying rates. It is generally recommended to start with a lower measurement and adjust accordingly. Some users may experience effects quicker than others.

Most first-time users will take one serving in the morning and once at night. This measurement will vary

on a case-by-case basis. If you are currently using a small amount and looking for additional effects, increase your daily intake.

## How Much CBD Oil Do You Take?

A good way to determine your dose is to take  
1 - 6 mg for every 10 pounds of body weight

General guidance based on body weight and health condition  
Always consult your Physician when starting CBD supplements

Your Weight	Low Dose	Mild Dose	Hi Dose
20 - 25 lbs	4.5 mg	6 mg	9 mg
26 - 45 lbs	6 mg	9 mg	12 mg
46 - 85 lbs	9 mg	12 mg	15 mg
86 - 150 lbs	12 mg	15 mg	18 mg
151 - 240 lbs	18 mg	22 mg	27 mg
241+ lbs	22.5 mg	30 mg	45 mg

## cbdMD 1500mg Tincture – 1 oz – Berry 50mg per serving

30mL/ 1 oz. glass bottle containing:

- 50mg USA Grade-A premium CBD (Cannabidiol) per serving
- Broad-spectrum cannabinoid extract containing CBG, CBDV, etc.
- No THC
- Other beneficial molecules, essential oils, terpenes, and amino acids

100% organic, USA-grown/processed, non-GMO, gluten-free, and vegan

### CBD Oil Tincture Drops

cbdMD Oil Tincture Drops contain the highest premium cannabidiol currently legal in the United States. Their proprietary “hybrid broad-spectrum” process produces the world’s purest CBD while preserving the plant’s other valuable cannabinoids, terpenes, amino acids, and essential oils necessary to ensure the highly sought after “entourage effect.” This innovative technique produces the industry’s only true full-plant cannabinoid extract containing **zero THC**.

100% organic hemp, grown and processed at their farms and facility in the United States. Gluten-free and vegan certified, our CBD oil tincture drops are also non-GMO.

## Berry:

With a mixture of strawberries, blueberries, and raspberries, this flavor is jam-packed with berry-goodness.

## Ingredients:

Cannabidiol (CBD) and MCT Oil (extracted from Coconut oil)

---

## cbdMD Bath Bomb – Rise, Rejuvenate, Restore – 100mg Each

### Multi-Pack Includes:

1 x Bath Bomb – Rise (Eucalyptus)

1 x Bath Bomb – Restore (Essential Oil Blend)

1 x Bath Bomb – Rejuvenate (Eucalyptus)

### cbdMD Bath Bomb Signature Collection

Made with 100% organic CBD and pure, therapeutic essential oils, this Signature Collection of CBD Bath Bombs revitalizes and relaxes. Each bath bomb contains 100mg of premium CBD with no artificial dyes or preservatives. The coloring is all-natural, non-staining, and absorption-safe, allowing you to enjoy the CBD experience any time of the day or night.

### Why cbdMD?

Our “hybrid broad-spectrum” process combines the absolute purest crystalline CBD isolate with a controlled broad-spectrum extract of terpenes, flavonoids, and amino acids. This is the only way to ensure a premium, full-plant cannabinoid extract capable of producing the infamous “entourage effect” without any risk of THC.

## How much to take?

As with all other applications, CBD Bath Bomb dosing will vary for each individual. Each Signature Collection Bath Bomb does contain 100mg of CBD, so no need to worry about measuring. This makes it easy for daily use: run a hot bath, drop in a cbdMD Bath Bomb, relax, and let yourself indulge in the soothing effects of CBD oil.

For best results set aside at least 30 minutes to enjoy your bath bomb—you'll thank us later.

## How long to notice results?

Just as dosing will vary, so will the timetable for desired results. cbdMD Bath Bombs dissolve in water, are quickly absorbed into the skin, and begin to work on contact. While some users may experience immediate relief, others will see gradual results. A general rule of thumb is to maintain a consistent CBD regimen for 2-3 weeks to experience the full spectrum of benefits.

Always consult your doctor or health professional before using CBD-infused products for any particular ailments. The FDA has not evaluated statements on CBD and its uses, nor is this product made to diagnose, treat, cure or prevent any disease.

CBD hemp oil is legal in the U.S.

## Ingredients

CBD Oil, Baking Soda, Citric Acid, Epsom Salt, Distilled Water, Essential Oils and Fragrances, Food Coloring.

# Roll On

## CBD Topicals – Freeze Pain Relief

cbdMD's Freeze Pain Relief Gel combines the proven pain-relief properties of menthol with the natural power of domestically sourced CBD. This CBD Topical comes in two convenient options for users: a travel-friendly, fast-acting roll-on applicator or a squeeze-tube for controlled dispensing. Both provide non-greasy, deep skin absorption and only contain premium CBD from U.S. grown, non-GMO hemp.

- High-quality CBD manufacturing process for wholesome hemp properties
- THC-free products sourced from hemp grown using organic farming methods
- Third-party lab tested to ensure safety and effectiveness

## Ingredients:

Menthol USP Natural 4%, Aloe Vera Extract, Arnica Montana Extract, Cannabidiol (CBD), Carbomer, FD&C Blue 1, FD&C Yellow 10, Ilex Paraguariensis Leaf Extract, Isopropyl Alcohol, Methylparaben, Tea Tree Oil, Tocopheryl Acetate (Vitamin E), and Triethanolamine.

# Greenroads 550mg CBD Oil -15ml – No THC

Green Roads 550 mg CBD Oil is a top seller across the CBD industry. This product boasts a substantial dosage of 37 mg per 1 ML dropper. Like all Green Roads products, every batch of their 550 mg CBD Oil is lab tested, ensuring what's on the label matches precisely to what's in the bottle.

All Green Roads products are handcrafted with only the highest quality hemp-derived CBD. Green Roads utilizes CO2 supercritical fluid extraction to ensure that no unwanted cannabinoids end up in CBD product concentrate. The raw CBD isolate used in Green Roads products is winterized prior to infusion into the final products to ensure that only CBD (and no unwanted plant compounds) is present when the bottle is sealed.

**Recommended Use:** Place 0.5 ML – 1 ML under tongue for at least 30 seconds before swallowing

**Dose/Serving:** 37 mg / ML

**Ingredients:** Broad Spectrum CBD Oil 550 mg, Hemp Seed Oil, Kosher-Grade Vegetable Glycerin, Non-GMO

**NOTE:** Consult your physician before taking any new dietary supplements. Must be 18+ years older to consume.

# Mary's Nutritional's Whole Pet Gel Pen

## Mary's Whole Pet Gel Pen

- Quick delivery of pain relief delivered transdermally into furry friend's blood stream
- Mary's patented transdermal gel pen contains 50 - 1mg doses of activated hemp extract
- Each dose can last up to 4 hours
- Apply it to the inner ear or any other veinous area of your furry friend

Ingredients: Microsome (Purified Water, Olive Oil, Aloe Leaf Juice, Lysolecithin, Sunflower Oil, Safflower Oil, Perilla Ocymoides Seed Extract, Isopropyl Palmitate, Ascorbyl Palmitate, Sodium Hydroxymethylcyclycinate, Etearly Alcohol, Cetearyl Glucoside, Cetyl Alcohol, Grape Seed Oil, Wheat Germ Clycerides, Xanthum Gum,

# Relief Nano Mist Inhaler Kit

This new technology is designed and engineered for the entire user experience from storage to portability through the ritual of administration. Replaceable canisters deliver a precise dose of proprietary nano mist formulas. These formulas use a patented micelle technology that shrinks particle size for increased efficacy, near immediate effect and long-term duration. The Relief formula has natural adaptogens that work synergistically with our broad spectrum hemp oil. We've combined extracts of green tea leaf, ginger root, turmeric, ashwagandha, lemongrass and rosemary, as well as the naturally occurring terpene B-caryophyllene. Mint extracts add natural aroma and flavor.

## **Suggested Use**

Before first use, remove the cap at the base of the canister. Insert canister into the inhaler. To use the inhaler, remove the protective cover from the mouthpiece. Shake well for 5 seconds. Breathe out and place the inhaler into your mouth tilted slightly upward toward the back of your throat. Press the canister down to release the dose as you breathe in deeply. Hold breath for 5 seconds after inhalation. Use up to 3 times per day. Do not exceed 4 doses per use. Not for asthma. We recommend consulting a healthcare professional before using this product.

Proprietary device design  
Extremely fast acting  
Organic & Ethical Farming  
3rd Party Tested for Purity  
USA-grown hemp  
Whole plant extract

## Quality & Consistency

With CBD, quality really matters. For this product, the hemp is grown in the USA starting with proprietary, state-certified seeds and exercising responsible farming methods. After harvest, they use the finest extraction method resulting in broad spectrum CBD oil. That means that valuable cannabinoids, terpenes, and omega fatty acids are preserved providing the full benefits and potential healing power from the hemp plant.

**Details** 200 Doses | 1200 mg CBD | Zero THC
