

# Bluebird Botanicals Signature 6x

## Concentrated CBD Signature Oil (1,500+ mg cannabinoids/1oz)

This concentrated CBD oil blend is made of the same ingredients as our Hemp Signature, but has six times the amount of cannabinoids. Instead of 250+ mg per fluid ounce, the concentrated version has 1,500+ mg of cannabinoids per fluid ounce, the same potency as Concentrated Hemp Classic. 1 ml (30 drops) of Concentrated Hemp Signature contains at least 50+ mg of cannabinoids.

### Ingredients

1. Full-spectrum hemp extract (1,500+ mg cannabinoids/fluid oz)
2. Frankincense carterii CO2 extract
3. Black cumin seed oil - cold-pressed
4. Hemp seed oil - cold-pressed from hemp seeds grown in Canada

### Standard Use & Typical Serving Size

Keep at room temperature. Gently swirl the bottle (do not shake vigorously) before using. Most people swallow 15 drops (25+ mg cannabinoids) or more, as desired. The amount that people take on a daily basis can vary greatly. Our hemp extract products can be ingested morning or night, on an empty or full stomach.

### Conversions- Ounce, Milliliter, Drop, & Milligram

1 fluid ounce = 30 milliliter (ml) = 900 drops = 1,500+ mg cannabinoids

1 ml = 30 drops

# Calm Nano Mist Inhaler Kit

This new technology is designed and engineered for the entire user experience from storage to portability through the ritual of administration. Replaceable canisters deliver a precise dose of proprietary nano mist formulas. These formulas use a patented micelle technology that shrinks particle size for increased efficacy, near immediate effect and long-term duration. The Calm formula combines broad spectrum hemp oil with natural terpenes and herbal extracts including L-Theanine from green tea, ashwagandha, and ginseng. Fragrant terpenes including limonene and linalool impart lavender and lime scents, while citrus extract adds additional aroma and natural flavor.

## **Suggested Use**

Before first use, remove the cap at the base of the canister. Insert canister into the inhaler. To use the inhaler, remove the protective cover from the mouthpiece. Shake well for 5 seconds. Breathe out and place the inhaler into your mouth tilted slightly upward toward the back of your throat. Press the canister down to release the dose as you breathe in deeply. Hold breath for 5 seconds after inhalation. Use up to 3 times per day. Do not exceed 4 doses per use. Not for asthma. We recommend consulting a healthcare professional before using this product.

Proprietary device design  
Extremely fast acting  
Organic & Ethical Farming  
3rd Party Tested for Purity  
USA-grown hemp  
Whole plant extract

## Quality & Consistency

With CBD, quality really matters. For this product, the hemp is grown in the USA starting with proprietary, state-certified seeds and exercising responsible farming methods. After harvest, they use the finest extraction method resulting in broad spectrum CBD oil. That means that valuable cannabinoids, terpenes, and omega fatty acids are preserved providing the full benefits and potential healing power from the hemp plant.

**Details** 200 Doses | 1200 mg CBD | Zero THC

## Ingredients

Extracts of: Broad Spectrum Hemp, L-Theanine, Green Tea Leaf, Citrus, Ashwagandha Root, Ginseng Root, Limonene, Linalool, Passion Flower. Other Ingredients: Alcohol (EtOH), Xylitol, Oleic Acid, Stevia.

Propelled with HFA134a.

## CBD Oil Tincture – Natural – 3000 mg – 1 oz – Now with CBG & CBN

### CBD Oil Tinctures

cbdMD's CBD Oil Tinctures are the perfect natural alternative. Their unique manufacturing process uses hemp from nutrient-rich farms across the country. They guarantee that all of theirr CBD oil is manufactured from USA hemp that is grown on non-GMO farms, and is both vegan and gluten-free.

### Natural Flavor:

The natural flavor is subtle with slight earthy notes. If you prefer a simple taste, this flavor is the one for you.

### How Much to Take?

As with our other applications, the intake will vary for every individual. Because each person will process CBD at a different rate, we recommend starting with a lower measurement and adjusting accordingly.

## How Long for Desired Results?

The timeframe for desired results from CBD oil will differ for each person. As always, it is recommended to start with a lower measurement and adjust as needed. It may take at least two to three weeks to experience the properties of CBD as it builds up in the body.

## Ingredients:

Cannabidiol (CBD), MCT Oil, and Flavoring.

# Charlotte's Web Extra Strength Oil – Chocolate Mint – 30ml

More than just CBD: CBD plus naturally-occurring phytocannabinoids, terpenes, flavonoids and more in every serving.

This premium hemp extract oil is designed to help maintain:

- Support for normal, everyday stresses\*
- Healthy recovery from exercise\*
- Support a sense of calm for focus\*

It has limited, select ingredients to ensure you have the absolute best hemp extract oil possible, with no fillers. Our oils include our premium hemp extract, oil, and flavor. That's it.

## Additional Information

- Dropper included
- The color of hemp extract CBD oil can vary from batch to batch. Charlotte's Web products are not made with any additives or dyes to standardize the color of our products. That said, you're left with only 100% natural CBD oil the way nature intended.
- These extracts contain a unique blend of cannabinoids plus terpenes and flavonoids. Cannabinoids are phyto-compounds that are produced by the hemp plant. One of the most commonly known cannabinoids in hemp is non-psychoactive cannabidiol (CBD). Cannabinoids work with the mammalian Endocannabinoid System (ECS), which is a vast receptor system to support homeostasis and health.\*
- All pesticides, mildewcides, and herbicides used on our plants are 100% organic
- Extra Strength CBD Oil was formerly known as Everyday Plus Hemp Extract Oil

Take 1-2 drops daily or add this hemp extract oil to smoothies or coffee in the morning and reap the benefits of one of nature's great wellness supplements. Charlotte's Web Everyday Plus formula has 2x the strength of regular hemp oil with double the phytocannabinoids that may support overall wellness. Mint chocolate flavor.

**Ingredients:** MCT Fractionated Coconut Oil, Organic Chocolate Mint Flavor Oil (Organic Sunflower Oil, Natural Flavors).

# Full Spectrum CBG-CBD Oil

## Suggested Use

For best results, store in a cool and dry place away from direct sunlight. If you have a medical condition or take pharmaceutical drugs, please consult a physician before use.

### Directions

- Take 1 to 2mL sublingually as needed.
  - Gently squeeze the rubber end and release. The dropper will be half full which indicates a “full dropper”. (Oil will not fill the entire dropper)
  - Repeat regimen twice a day, once in the morning and once before bed.
  - Sensitive to flavors? Feel free to mix your oil into your favorite food or drink.
-

## Greenroads 550mg CBD Oil -15ml – No THC

Green Roads 550 mg CBD Oil is a top seller across the CBD industry. This product boasts a substantial dosage of 37 mg per 1 ML dropper. Like all Green Roads products, every batch of their 550 mg CBD Oil is lab tested, ensuring what's on the label matches precisely to what's in the bottle.

All Green Roads products are handcrafted with only the highest quality hemp-derived CBD. Green Roads utilizes CO2 supercritical fluid extraction to ensure that no unwanted cannabinoids end up in CBD product concentrate. The raw CBD isolate used in Green Roads products is winterized prior to infusion into the final products to ensure that only CBD (and no unwanted plant compounds) is present when the bottle is sealed.

**Recommended Use:** Place 0.5 ML – 1 ML under tongue for at least 30 seconds before swallowing

**Dose/Serving:** 37 mg / ML

**Ingredients:** Broad Spectrum CBD Oil 550 mg, Hemp Seed Oil, Kosher-Grade Vegetable Glycerin, Non-GMO

**NOTE:** Consult your physician before taking any new dietary supplements. Must be 18+ years older to consume.

# Relief Nano Mist Inhaler Kit

This new technology is designed and engineered for the entire user experience from storage to portability through the ritual of administration. Replaceable canisters deliver a precise dose of proprietary nano mist formulas. These formulas use a patented micelle technology that shrinks particle size for increased efficacy, near immediate effect and long-term duration. The Relief formula has natural adaptogens that work synergistically with our broad spectrum hemp oil. We've combined extracts of green tea leaf, ginger root, turmeric, ashwagandha, lemongrass and rosemary, as well as the naturally occurring terpene B-caryophyllene. Mint extracts add natural aroma and flavor.

## **Suggested Use**

Before first use, remove the cap at the base of the canister. Insert canister into the inhaler. To use the inhaler, remove the protective cover from the mouthpiece. Shake well for 5 seconds. Breathe out and place the inhaler into your mouth tilted slightly upward toward the back of your throat. Press the canister down to release the dose as you breathe in deeply. Hold breath for 5 seconds after inhalation. Use up to 3 times per day. Do not exceed 4 doses per use. Not for asthma. We recommend consulting a healthcare professional before using this product.
