There is approximately 195 mg of CBD in 1/8 of a teaspoon.

CBDistillery 30mg Full Spectrum CBD Infused Softgels – 30 count

Pop and go! CBDistillery™ Full Spectrum Softgels are among the most convenient ways to get your daily dose of CBD. With a perfectly pre-measured serving of 30mg CBD in each softgel, you'll never have to worry about counting drops or mixing and measuring again. Get all the benefits of Full Spectrum hemp-derived CBD with our 30mg Softgels!

How to Use:

- Pop and go! Simply take with water and swallow like you would with any other supplement.
- Adjust dose as needed, individual results may vary.
- The recommended dosage of CBD is 30-60mg daily. For best results, it is recommended that you start with 5-10 mg of CBD, wait 3-4 hours, and increase as necessary to achieve desired effects.
- For individual recommendations on CBD dosages, check with your physician or healthcare provider.

Ingredients:

Fractionated Coconut Oil (MCT – Medium Chain Triglyceride), Full Spectrum Hemp Extract (Aerial Parts), Sunflower Lecithin, Gelatin (Gelatin Capsules)

CBDistillery Full Spectrum CBD Oil Tincture - 1000mg - 30ml

One of our most popular CBD oil tinctures! Whether you're a new or seasoned CBD consumer, our 1000mg tincture is perfect for everyday use. This 1000mg tincture gives you 33mg of CBD per serving, perfect to start out with a serving or two to get your recommended 30-60mg of CBD each day.

CBD Oil Tinctures are a great way to incorporate CBD into your daily routine! Simple, portable, and easy to use, these 30mL tinctures are perfect to throw in your bag and set out for the day

This Full Spectrum Oil Tincture combines the powers of CBD oil and other naturally occurring plant proteins, minerals, vitamins, and more so that you can reap all of the benefits of the cannabis plant without any potentially intoxicating effects. Full Spectrum Oil Tinctures include <0.3% THC. When you use CBDistillery™ CBD Oil Tinctures, you can be assured you're using the highest quality CBD on the market. Abundant in fatty acid Omega 3, B complex vitamins, and all 20 essential amino acids

All CBDistillery™ products are third-party lab-tested to ensure the highest quality and consistent dosing. CBDistillery™ products are made using U.S. Hemp Authority-certified non-GMO industrial hemp grown in the USA using natural farming practices.

Ingredients: Fractionated Coconut Oil (MCT) and Full Spectrum CBD Hemp Extract (Aerial Parts) • CBD oil tinctures are very convenient and easy to use! Simply apply your desired dosage and hold under the tongue for 10-20 seconds before swallowing.

- Get creative and add CBD oil to your favorite drinks!
- Adjust dose as needed, individual results may vary.
- The recommended dosage of CBD is 30-60mg daily. For best results, it is recommended that you start with 5-10 mg of CBD, wait 3-4 hours, and increase as necessary to achieve desired effects.
- For individual recommendations on CBD dosages, check with your physician or healthcare provider.
